

FRANKIE DINING TABLE

alor

Description

Break bread, pop some bubbles, whatever the occasion the Frankie Table will be the centerpiece for your feast.

Made from some hefty FSC certified timber, you better believe this table is sticking around for a good time and a long time.

With its clean lines and its unique joining details, this table pulls together with just a couple of screws demonstrating that something flat packed can still be a statement piece.

Available in Light or Heavy, these options refer to the thickness of timber used across each table.

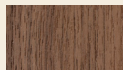

For a more minimal aesthetic we would suggest the light, but if you're looking for a statement piece, you cant go past the Heavy.
